*1 million signatures  
for greater quality  
of life  
in Europe*

***940,000 signatures attained - We need your help for the last 60.000 signatures!***

***Dear friends of campaign ELIANT***

**We now need only 60,000 signatures more to reach one million**

Please help us to collect these last, vital signatures!  
By mid-June we want to submit the signatures to the EU Commission in Brussels.  
The [ELIANT petition campaign](#) has almost successfully achieved its goal.

**Support the *European Alliance of Initiatives for Applied Anthroposophy / Eliant* in its civil society commitment to Europe:**

Promoting free choice in child-rearing and education,  
pluralism of methods and therapeutic freedom in medicine,  
and sustainable economics – particularly in the field of agriculture.

***The best way to help us now, is:***

- In the coming weeks please find further possible signatories in clubs, associations, and at events; signature lists can be downloaded at [www.eliant.eu](http://www.eliant.eu)
- Please consider which email lists and networks you know that have not yet been asked for their signatures, and forward an email to them with a small personal note or comment.
- Publicize our new ELIANT campaign page on [facebook](#) - where you can find current information and pictures with a link to online signing.

We will be very pleased to help you with all practical questions. Please talk to us or send us an email, to: [info@eliant.eu](mailto:info@eliant.eu); or fax: 0049 7621 168 1863

With warm thanks and greetings  
On behalf of the ELIANT Alliance Core members
